All User Contributions are the sole responsibility of Customer and the posting User, and DarkDefend assumes no responsibility for the content, legality, reliability, accuracy, or appropriateness of any User Contributions. Customer agrees that it will not receive any compensation for the User Contributions submitted to DarkDefend through Customer's account. DarkDefend has the right to: (i) remove or refuse to post any User Contributions for any or no reason in its sole discretion; (ii) take any action with respect to any User Contributions that DarkDefend deems necessary or appropriate in its sole discretion, including if DarkDefend believes that such User Contribution violates this Agreement; (iii) take appropriate legal action, including without limitation, referral to law enforcement, for any illegal or unauthorized use of the Website or Services; or (iv) terminate or suspend Customer's or any of its authorized User's access to all or part of the Website or Services for any or no reason, including without limitation, any violation of this Agreement. DarkDefend has the right to fully cooperate with any law enforcement authorities or court order requesting or directing disclosure of the identity or other information of anyone posting any materials on or through the Website. If Customer elects to enter into a transaction with another user of the Website, the terms of such transaction and any liabilities associated with such transactions are solely between the Website users and not with DarkDefend. Customer agrees that DarkDefend is not responsible for any loss or damage incurred as the result of any such dealings or with respect to any other user's use or disclosure of information about Customer that Customer has provided to publicly available sections of the Website or Services, and DarkDefend is not responsible for any use or misuse by Customer of any information obtained through the Website and/or any Services delivered through the Website. 5. CONFIDENTIALITY

5.1 Definition of Confidential Information. "Confidential Information" means all information disclosed by a party ("Disclosing Party") to the other party ("Receiving Party"), whether orally or in writing, that is designated as confidential or that reasonably should be understood to be confidential given the nature of the information and the circumstances of disclosure. Confidential Information of Customer includes Customer Data and excludes User Contributions; Confidential Information of DarkDefend includes the Website, the Services, any ideas, concepts, know-how or techniques relating to the Website or the Services or used by DarkDefend in the provision of the Website or Services, including, without limitation, software programs, screen layouts, graphics, report formats and use manuals, and the terms and conditions of this Agreement and all Order Forms (including pricing). Confidential Information of each party includes Personal Data, business and marketing plans, technology and technical information, product plans and designs, and business processes disclosed by such party. However, Confidential Information does not include any information that (i) is or becomes generally known to the public without breach of any obligation owed to the Disclosing Party, (ii) was known to the Receiving Party prior to its disclosure by the Disclosing Party without breach of any obligation owed to the Disclosing Party, (iii) is received from a third party without knowledge of any breach of any obligation owed to the Disclosing Party, or (iv) was independently developed by the Receiving Party. For the avoidance of doubt, the non-disclosure obligations set forth in this "Confidentiality" section apply to Confidential Information exchanged between the parties in connection with the evaluation of additional DarkDefend services.

5.2 Protection of Confidential Information. As between the parties, each party retains all ownership rights in and to its Confidential Information. The Receiving Party will use the same degree of care that it uses to protect the confidentiality of its own confidential information of like kind (but not less than reasonable care) to (i) not use any Confidential Information of the Disclosing Party for any purpose outside the scope of this Agreement and (ii) except as otherwise authorized by the Disclosing Party in writing, limit access to Confidential Information of the Disclosing Party to those of its and its Affiliates' employees and contractors who need that access for purposes consistent with this Agreement and who have signed confidentiality agreements with the Receiving Party containing protections not materially less protective of the Confidential Information than those herein. Neither party will disclose the terms of this Agreement or any Order Form to any third party other than its Affiliates, legal counsel and accountants without the other party's prior written consent, provided that a party that makes any such disclosure to its Affiliate, legal counsel or accountants will remain responsible for such Affiliate's, legal counsel's or accountant's compliance with this "Confidentiality" section. Notwithstanding the foregoing, DarkDefend may disclose the terms of this Agreement and any applicable Order Form to a contractor to the extent necessary to perform DarkDefend's obligations under this Agreement, under terms of confidentiality materially as protective as set forth herein.

5.3 Compelled Disclosure. The Receiving Party may disclose Confidential Information of the Disclosing Party to the extent compelled by law to do so, provided the Receiving Party gives the Disclosing Party prior notice of the compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled by law to disclose the Disclosing Party's Confidential Information as part of a civil proceeding to which the Disclosing Party is a party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to that Confidential Information.
